Warranty

RH Filters, Inc. (RH Filters) warrants that each new product manufactured by RH Filters will be free of defects in material and workmanship. If any of RH Filters products will be found defective, RH Filters will replace it free of charge when you return it to RH Filters or RH Filters distributor where you purchased the product.

RH FILTERS will reimburse reasonable costs to repair or replace, whichever is less, the damaged engine or components. Equipment warranties should not be voided solely due to the use of RH Filters products. If a manufacturer makes a claim that using a RH Filters® product will void or has voided your warranty, ask the manufacturer to provide this statement in writing. (see *Filter Manufacturer's Council Technical Service Bulletin (TSB-85-1R2)* for more information).

Under the federal Magnuson-Moss Warranty Act, the Clean Air Act and general principles of the U.S. Federal Trade Commission Act, a manufacturer may not require the use of any brand of filter (or any other article) unless the manufacturer provides the item free of charge under the terms of the warranty.

You should first contact your salesperson at RH Filters or at your RH Filters distributor if you purchased a product that you believe does not meet the warranty stated above. The salesperson will help you complete the necessary paperwork and will also help you return the suspected defective product to RH Filters for analysis.

Terms & Conditions

Warranty coverage begins at the date of installation to the original end-user, and expires after the indicated period or miles, whichever occurs first. RH Filters is not liable for indirect, incidental, punitive or consequential damages arising in any way from the products it manufactures or sells.

Please submit claims to RH Filters within 30 days after discovery of damage. RH Filters reserves the right to examine the engine, equipment and filter to determine the amount of damage and whether such damage was caused by a defective Covered Product.
